

The federal government promised to remove fish farms from BC waters by 2025. That means it has to happen this year!

But the feds are dragging their feet on this issue, and have yet to come up with a Transition Plan. They are even considering renewing licences this June for another 6 years!

**Time to ramp up pressure—  
when it comes to protecting wild  
salmon, failure is not an option.**

## Here are some easy steps to help protect wild salmon:

- 1 DO NOT BUY FARMED SALMON.**  
Always ask if it's wild or farmed—  
tell your family and friends.
- 2 HELP SPREAD THE WORD.**  
Follow Clayoquot Action on Instagram,  
Facebook and Twitter. Please like and  
share our posts to help reach more  
people! #fishfarmsout
- 3 SIGN UP FOR THE eNEWS.**  
You will be the first to hear about news,  
upcoming events, and actions you can  
take to help protect wild salmon.
- 4 ADD YOUR VOICE.**  
It just takes seconds to send your letter  
to the Fisheries Minister. Let your  
friends know you've signed!
- 5 MAKE YOUR SUPPORT VISIBLE.**  
Put a sticker on your water bottle or  
bike... and help spread the word by  
rockin' our Clayoquot Action t-shirts  
and hoodies.
